

Space for Our Students

Greater Highlands Replacement School Public Consultation

Parents, students and interested community members are invited to view and discuss building concepts for a replacement school on the Mount Royal site or a modernization of Highlands School. This project would combine area schools and replace them with a new or modernized school.

Based on what we've heard from the community so far and our research and assessment information, we've developed three building concepts. We'll share them with you and then invite your questions and feedback. Our goal is to develop a community-driven strategy to include in our request to the Province for capital funding.

DATE	TIME	LOCATION
Tuesday, February 24	6:30 - 8:30 p.m.	Eastglen School, 11430 68 St NW
